

TopPilon-Tridacta
Column board with 2 writing and 1 projection screen.

Two column pairs of naturally-anodized extruded aluminium profiles. Steel counterbalance weights run freely, silently and maintenance-free in the columns. Board surfaces move horizontally and vertically in front of the columns. For maximum column height see table.
Installation. Wall-mounting. A special installation kit is needed for lightweight walls.
Board surfaces. Vitreous enamelled board surfaces enclosed without screws in rounded aluminium profile with safety corners. Chalk rail and sponge holder (optional) of naturally-anodized aluminium with safety side caps on the board surfaces **(F1, F2).**
Projection screen mounted in the middle. Surface continuously inclinable and adjustable in height (optional), enclosed without screws in rounded aluminium profile with safety corners.
Accessories. A mounting kit Model 6798 is available for lightweight walls.
The following material groups are available to choose from: Pylon made of aluminium: M(anodisé); Writing surface made of steel: E2; Projection surface: E(matt white).
Further products on this page: PantoMove-LuPo, Quattro-Teach.
